

Focus Scientific Mission Statement:

“In partnership with all of our customers, Focus Scientific Solutions will determine their Technical Service requirements and react speedily with the most appropriate quality solutions”

We bring total focus to customer satisfaction through the unrivalled excellence of our people, backed up by over 50 years’ experience in technical services on laboratory equipment.

Flexibility and being competitive are two key factors in our offering and being a privately owned company gives us the ability to adapt in order to meet all the Service needs of our customers

Our understanding of - and experience in - highly regulated industry, gives us an in-depth knowledge of the demands placed on our customers. This, along with our commitment to excellence, will ensure that we achieve the compliance required.

In fulfilling our mission, Focus Scientific Solutions expect to achieve a reasonable profit allowing sustained growth and on-going investment in resources of the highest calibre.”
