

Focus Scientific Solutions Health and Safety Policy

- ❖ At Focus Scientific Solutions, we are fully committed to conducting all aspects of our Business in a Healthy and Safe manner.
- ❖ It is the policy of Focus Scientific Solutions, to do all that is reasonably practicable (ie to exercise all due care) and to put in place, necessary protective and preventive measures, having identified the hazards likely to result in accidents or ill health.
- ❖ In the company's Safety statement, the various hazards are listed and the necessary arrangements to reduce the risk from these hazards are set out.
- ❖ Under the current 2005 Safety, Health and Welfare at Work Act and other relevant legislation, Focus Scientific solutions commits itself to
 - Providing and maintaining Safe and Healthy working conditions
 - Providing Safe equipment
 - Training and Instructing colleagues to perform their work Safely and effectively
 - Making available the necessary Safety devices and protective equipment
 - Continually reviewing Health and Safety Matters
 - Updating the Safety Statement when required.
- ❖ In addition, at Focus Scientific Solutions, we aspire to have Zero work related injuries and place the highest Value on Safety, Health and Welfare of ourselves and of those affected by our operations by continually seeking new ways to improve Health and Safety.
